“Jennifer's precision execution and delicious, high-quality food creations place her services above and beyond the norm. She quickly became our firm's preferred caterer due to the professionalism of her staff, consistent quality of food (the hand-made crab cakes are AMAZING!) and her cheerful personality. Working with many different caterers over the years, it's easy to see why Jennifer and her staff stand out from the rest and the reason I'm pleased to offer this recommendation.” *July 19, 2009*

“Jennifer's Cafe Soleil is an excellent place for a party or celebration! Jennifer allowed us use of her restaurant facilities to host a graduation party for my daughter and two of her friends. The venue is perfect place for moderately large groups, with plenty of room for a DJ and dancing. Jennifer allowed us to transform Cafe Soleil into "Hollywood" for the evening to accommodate the party theme, and even provided staff assistance for set-up and decorating. No party is complete without food, and Jennifer did a wonderful job of catering the party for us! We dedicated on easy-to-eat "finger foods" and she prepared an extensive assortment of items which she replenished repeatedly until the crowd stopped eating! The food was nicely displayed, and punch and lemonade flowed freely throughout the night. Jennifer is great to work with, has great catering and party ideas, and provides excellent food, both at the restaurant and external events. I would definitely hire Jennifer for future events requiring catering because she is very experienced and provides great quality & quantity of food for a reasonable price.” *July 10, 2009*

Here is an endorsement and best of luck to you!!!

As the events director at San Francisco magazine and then as an independent events producer and consultant, I hired Cafe Soleil to cater high profile and popular events in the Bay Area, including for San Francisco magazine's annual food and wine event, Fall Fest. Jennifer Arrouzet of Cafe Soleil is enthusiastic, organized, professional, and prepares menus appropriate to the season and style of events. If you haven't tried one of Cafe Soleil's famous crab cakes, hire them just for that experience. Guests swoon over these crab cakes, and plenty of other delicious edibles created by the company.
